

## GUJARAT CLEANER PRODUCTION CENTRE-ENVIS CENTRE

Gujarat Cleaner Production Centre-ENVIS Centre is engaged in promoting cleaner production and cleaner technology in various engineering colleges and industrial estates, since its inception. Beyond this Gujarat Cleaner Production Centre-ENVIS Centre is conducting weekly activity as part of their major activity under ENVIS by organizing presentations on pollution prevention, waste minimization, cleaner production / cleaner technology. The overall objective of conducting this activity is to improve technical knowledge of team members. Under this in August-2015 GCPC-ENVIS conducted three presentations on different topics under the guidance of Dr. Bharat Jain, Member Secretary and ENVIS Coordinator, Gujarat Cleaner Production Centre.

### **Presentation Topics:**

- 1. Feasibility Study of Surfactant Alternate – GAS as an EOR process**  
Presented by Shri. Kiran Verma, Assistant Project Engineer: Date: 3/8/2015
- 2. Wind Energy Collector- A scenario in renewable energy resources**  
Presented by Shri. Rahul Pandey, Assistant Project Engineer: Date: 13/8/2015
- 3. Industrial Effluent Treatment**  
Presented by Ms. Disha Bhavsar, Assitant Project Engineer: Date: 17/8/2015
