

Presentation for School Students on
“Wealth-out-of-Waste”

What is it???

Where does it come from???

Ultimately results to...

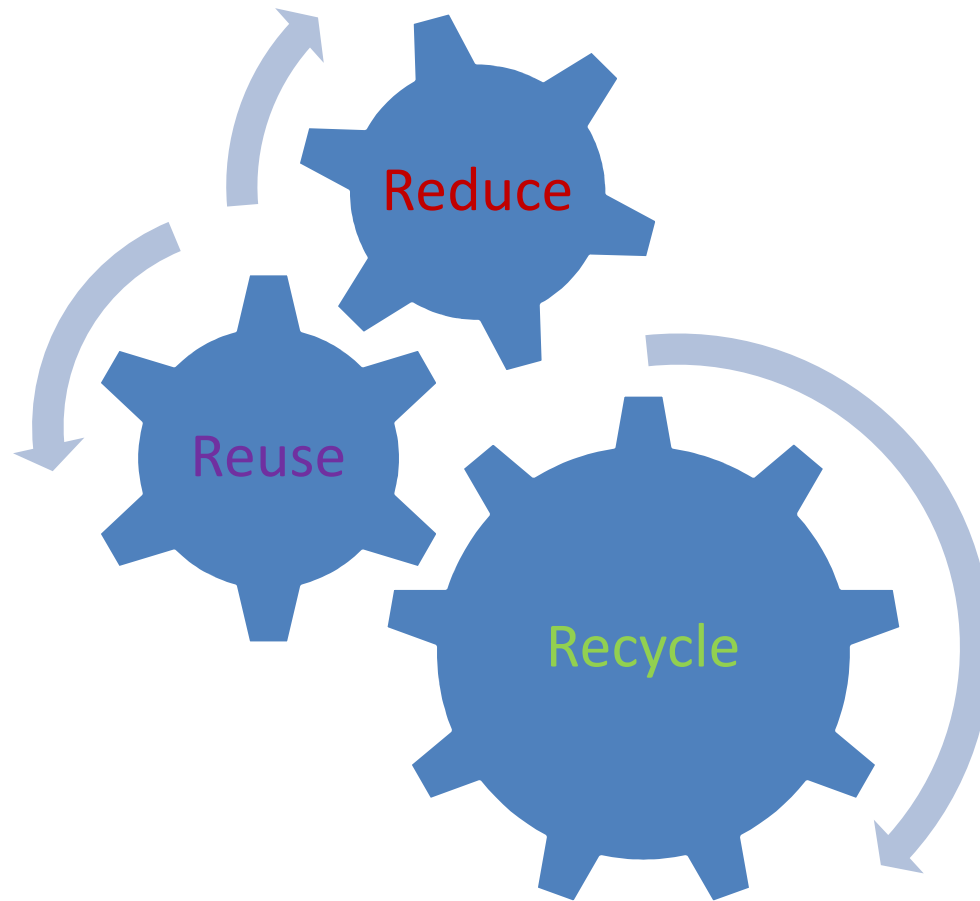

Outcomes???

- ***Unhealthy environment***
- ***Diseases***
- ***Death of domestic and stray animals***
- ***Effect of chemicals and other fertilizers***

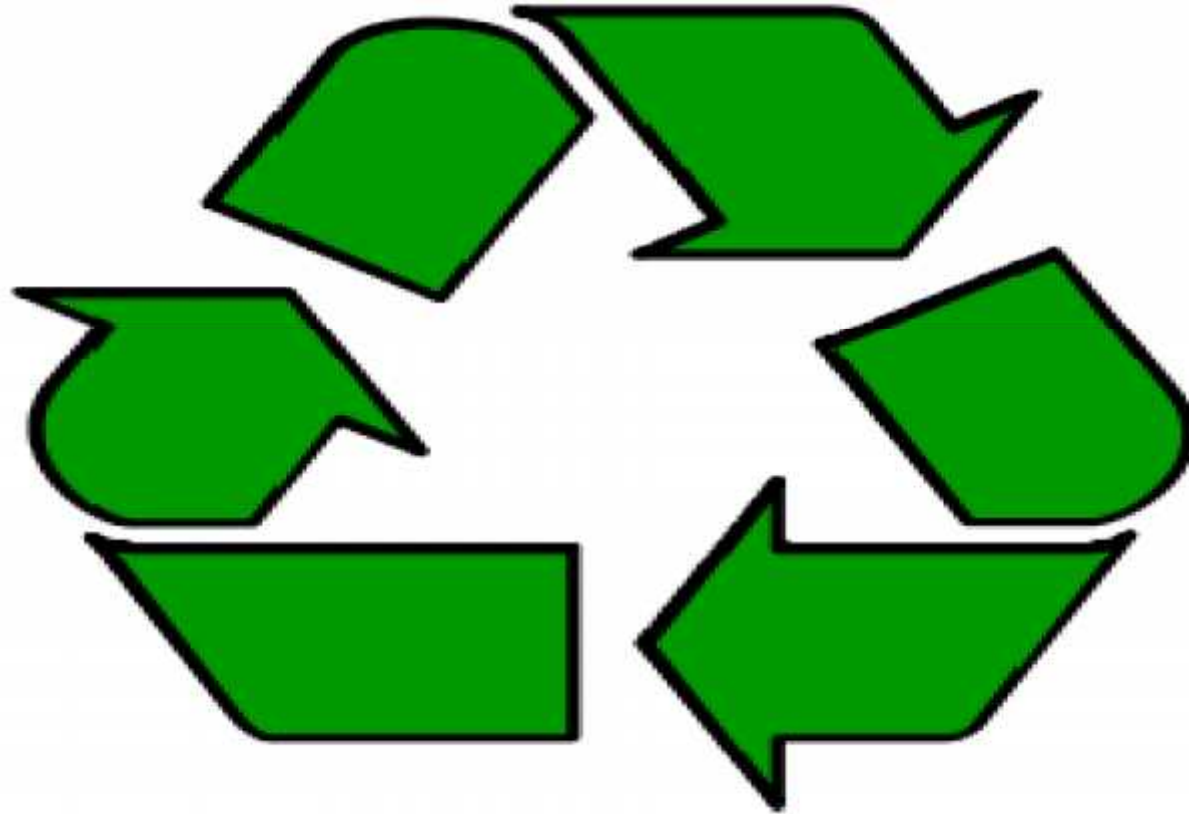

*So what to do
now???*

The solution is the 3R's...

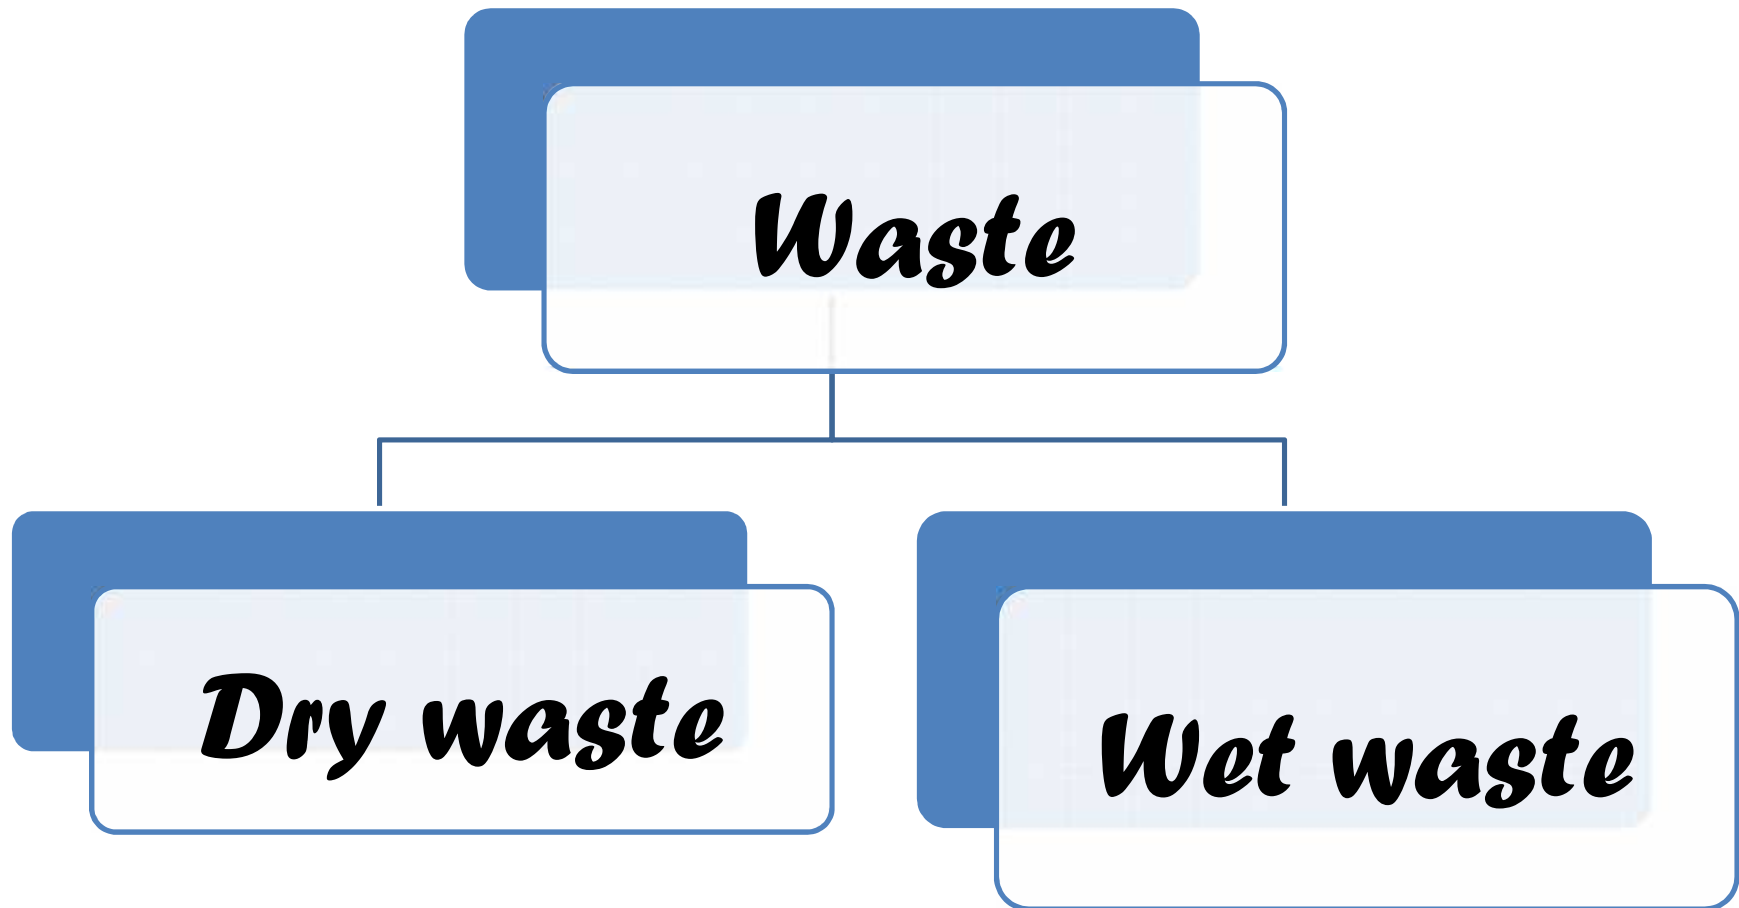

Have you seen this symbol earlier???

Why should we recycle??

- *Duty as a Citizen of India*
- *We "the Change Initiators"*
- *Clean and Friendly environment*
- *Making the Best use of waste*
- *Optimum utilization of the resources*

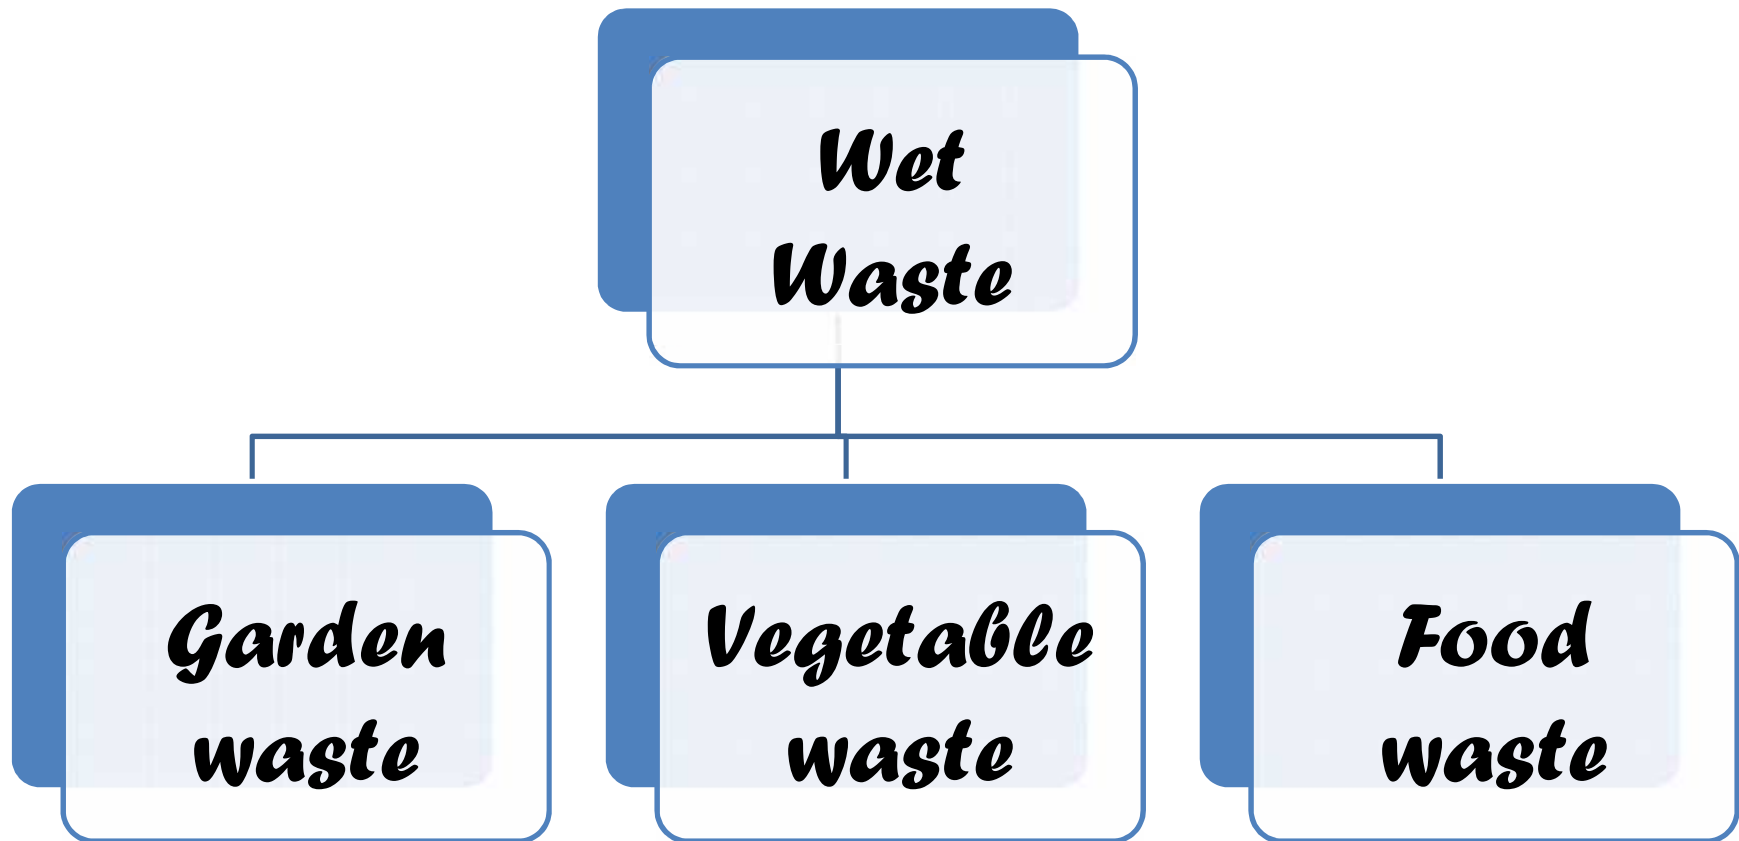

Classification of waste??

Dry waste

Types of wet waste

Outcomes of recycling Dry Waste

Paper waste

Plastic waste

Metal waste

Glass Waste

Wooden waste

Tyres

e waste

Plastics

Metals

Outcomes of recycling Wet Waste

Food, Garden and leftover vegetable waste

*Now after doing all this what would
be the scenario???*

*But again to remind its only possible
when following steps are taken*

- *Segregation at source*
- *Keep three dustbins for the waste*
- *Always take the initiative*

www.environmental.gov.in 00010001

*But again to remind its only possible
when following steps are taken*

- *Spread awareness to the masses*
- *Do maximum utilization of resources*
- *Join hands in "Zero Waste Ahmedabad" by
2031 Programme undertaken by AMC*

Thank
you
