

Using the RECP Toolkit

Objective:

The main purpose of the Resource Efficiency Cleaner Production (RECP) Online Toolkit is to be a RECP self-assessment tool that is:

1. easily assessable;
2. easy to navigate and use; and
3. that can generate instant RECP reports that can be easily understood by everyone.
4. This toolkit must be able to key information which can be in numerical value, and also responds to a multiple choice question. The toolkit will be developed using the NCPC-SA pre-visit questionnaire as the base.

CONTENT:

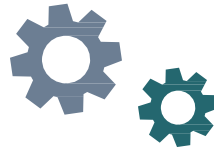

This toolkit is made up of five key steps

STEP 1
COMPANY
INFORMATION

STEP 2
COMPANY
RESOURCE
CONSUMPTION
DATA

STEP 3
COMPANY
MANUFACTURING
PROCESSES

STEP 4
NCPC – SA 's
TRAINING
COURSES

STEP 5
DOWNLOAD
OF REPORT
